OPENING SESSION

The official workshop opening will start at 12:20 on Thursday, 29th April. All workshop sessions will be held in group on Microsoft Team software.

WPC HSE EXPERT WORKSHOP

Access to the workshop sessions is strictly limited to registered webinar participants.

Delegates should make sure of the internet connection and prepare to join at least 15 minutes before the main program and keep their microphones and video mode mute during the sessions except for introduction and question and answer (Q&A) in the case of contribution. They are allowed to raise hands or ask questions in chat box but the Speakers are exclusively supposed to answer in Q&A section. Delegates can actively participate and make conversation in Q&A discussions.

Moderators are in charge of managing the flow and the atmosphere of the panels.

Briefers present the review of the former Expert Workshop for audience before each panel.

TOPIC OUTLINE

- Environmental Assessment & Sustainability
- Technology, Digitalization & Future of HSE
- Increasing Safety & Environmental Protection: Best Practices
- Leadership perspective & Sustainability
- Innovative Solutions for a Sustainable Future
- Sustainability vs. Environmental Impact in Oil & Gas Fields Development: Best Practices

OTHER NOTIFICATIONS
